

Carlita Collection

The Carena bed combines timeless design with modern functionality. Its light gray fabric and brown finish create elegance, while the channel-tufted headboard adds comfort and style. Tapered legs with metal tips offer sophistication and durability. Ideal for those seeking both style and practicality. Choose a minimalist look in a tasteful modern bed that can be embellished or toned down to suit your design taste. With a classic yet basic style, this contemporary bed features an extra high headboard that stands out. Walnut veneers and poplar wood construction is both sturdy and lightweight, adding modern sensibility. Versatile light gray finish fabric upholstery wraps over its headboard with a subtle channeling effect contrasts with brown finish wood trim surrounding this stylish bed, adding a refined look. Tapered and rounded legs offer a nod to Mid-Century Modern style in a bed that requires a box spring.
